A Message From The BIG KAHUNA

“NOT”

Aloha Simi Sunsetters

The “BIG KAHUNA” still in Hawaii was unable to preside over his meeting and his replacement, so Past President Karen Stewart was called to duty by the Big Kahuna to take over in his absence. If only she knew the craziness that was about to happen from guest speaker Kathleen Ronald...she might just have passed the gavel over to Chuckie

**With this pic from
Chuck's year...we're glad
she didn't**

**Karen looking a little bit
worried...think she knows
what's about to happen ?**

Kathleen gave a dynamic presentation.

Are you guilty of any of these?

Non-stop talking

Conversations ALL ABOUT ME

Speaking too loudly

Not following up

Being too pushy

Slamming another person or business

Exaggerating

Invading someone's space

Being a Card Shark- just passing out business cards to everyone and not making a connection

Wandering Eye- looking everywhere but at the person you are talking to

Weak handshake
